

2026

QLDA Ball

Dance Floor Etiquette

- The first dance listed in the program in each bracket will be led on the main stage. The split floor dance will be led on the side stage. If there are other dances listed on the program the MC will direct you to the area where these will be danced.
- **The dance program has been set.** There are many split floors to cater for all level of dancer. **Please do not take to the dance floor with any other dance that is not listed on the program.**
- If you do not know the dances led on the main stage, **do not take to the dance floor.** Join in the split floor beginner dances on the side stage as a better option.
- Be kind and considerate to all other dancers. The program is designed to cater for beginner to advanced dancers.
- Be aware of your own dance space and that of others. Do not encroach on other dancers with styling, flourishes, large steps etc. The dance floor is for everyone to enjoy.
- Move quickly between stages for the split floors i.e. be organised and know what dances are coming up next and what stage you should be at.
- If a dance has started, do not run between the lines to join the floor. Please dance at the sides.
- If you are not dancing, leave the dance floor quickly. Do not stand on the floor talking to fellow dancers.
- When exiting the dance floor, please move carefully along the lines of dancers to exit the floor. If you wish to move from one side of the venue to the other, please walk around the outside and not across the dance floor.
- If you are injured or feel unwell, please report to the First Aid Station and notify a QLDA Committee Member.
- Mobiles phones are a distraction. Please put them on **“SILENT”** and try to limit their use at the Ball – apart from photos of course! If you must take a call, please move outside the venue where your conversation will not impact others.
- No food or drink are permitted on the dance floor at any time.

But most of all, we want you to HAVE A GREAT TIME!!!!
The QLDA Team
